## Honoring people who have died while homeless in Minnesota

For 35 years, hundreds of community members have come together for the Homeless Memorial March and Service to remember people who have died while homeless. On December 17th, we remembered 197 homeless individuals, formerly homeless friends, and advocates who passed away in 2020.

**Minnesota Lieutenant Governor Peggy Flanagan** was the keynote speaker, and the service included the traditions of reading the names of each person lost this year and sharing memorial reflections.
